Message from the Superintendent . . .

TRI–COUNTY
REGIONAL VOCATIONAL TECHNICAL HIGH SCHOOL
147 POND STREET, FRANKLIN, MASSACHUSETTS 02038

John M. Jones
Superintendent-Director

Peter H. Rickard
Principal
John A. Beccia, Jr.
Business Manager

To The Class of 1990:

For twelve years most of you have grown up with a pattern of life seemingly fixed and secure. At this time you are enjoying, quite properly, the sense of achievement which comes from reaching a goal long sought. During those twelve years you have developed from very young children into men and women ready for the responsibilities of adulthood.

Now you will face up to those responsibilities. In so doing you will find life to be an ever-varying and exciting mixture of success and failure. Fortified with the optimism of youth, and the education you have obtained, you have every right to be hopeful and confident. In that hope and in that confidence lies your best chance for personal success and satisfaction.

There will be those who will test you, will try to draw you away from the good life through cynicism and pessimism. But if you keep your ideals high, if you are not content with the second rate, if you continue your ambition to be the best - you will be.

My congratulations and best wishes go with you as well as my sincere appreciation to each of you for having been with us here at Tri-County.

Sincerely,

John M. Jones

John M. Jones
Superintendent-Director

Message from the Principal . . .

TRI–COUNTY

John M. Jones
Superintendent-Director

REGIONAL VOCATIONAL TECHNICAL HIGH SCHOOL
147 POND STREET, FRANKLIN, MASSACHUSETTS 02038

Peter H. Rickard
Principal
John A. Beccia, Jr.
Business Manager

To The Class of 1990:

Graduation from high school is a time for reflection; an opportunity to look at where you've been, where you are, and where you're going. Four years ago you made a positive choice for your future by choosing to attend Tri-County. Now you have the skills for gainful employment and the ability to contribute to our society. Use these skills to the fullest in the future. Continue to make positive choices and decisions in your life.

None of us know what jobs will exist in the future or what skills those areas of work will require. Hopefully you as individuals have also developed the ability to adapt to changes in the workplace as they occur.

Many of you will continue your formal education in the years ahead. We at Tri-County are available to assist you in the future if you choose to follow this path. Our Guidance Dept. frequently works with graduates of our school in making application to colleges and technical schools.

Keep in touch with us in the future. As residents and taxpayers in our school district we will need your support and encouragement in order to continue to serve students in the years ahead. You now know the value of vocational-technical education and I hope that you continue to take pride in your school and the education which you received. Perhaps in the not too distant future you will be hiring our graduates to work for you.

Your graduation from high school and the years which follow are a time of joy and happiness. Congratulations to you, good luck in the future, and keep in touch.

Yours truly,

Peter Rickard
Principal

GOOD LUCK CLASS OF 1992

Dedication

The Class of 1990 wishes to dedicate its yearbook to the memory of Gerald Slaney. Mr. Slaney, known to many as 'Boss', died in January 1990 after teaching Culinary Arts at Tri-County for almost thirteen years. His guidance and assistance touched many of us and will not be soon forgotten. 'Boss' truly cared for his students and loved teaching. His instruction helped hundreds of pupils through the years and his personality,wit and dedication guided many to be the best that they could be.

Many students from other shops got to know 'Boss' because he cared and because he was always available for us. We therefore wish to dedicate this yearbook to his memory.
